Julie Shapero 859-363-2116 julie.shapero@nkyhealth.org
Janice Haile 270-686-7747 x 3031 janice.haile@ky.gov

This activity is jointly provided by the American Association of Diabetes Educators (AADE) Kentucky Coordinating Body (CB) and Local Networking Groups (LNGs) (GLADE, KADE, TRADE, DECA), the Kentucky Diabetes Prevention and Control Program (KDPCP), and the Kentucky Diabetes Network (KDN).

TARGET AUDIENCE AND ACCREDITATION INFORMATION

This symposium is a knowledge-based offering designed for nurses, dietitians, pharmacists, certified diabetes educators, and other healthcare professionals involved in the education and care of people with diabetes.

Requirements:

To successfully complete the program and receive credit, participants must pay the required fee, sign the attendance roster, attend the entire program, and complete the evaluation form.

Accreditation Statement:

The American Association of Diabetes Educators (AADE) is the accredited provider for continuing education as indicated below.

AADE approval of programs or materials does not constitute endorsement of a provider, program, or material. In addition, approval of this educational offering by AADE does not imply endorsement of specific therapies, treatments, or products discussed in the presentations.

Nurses:

AADE is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. This program provides 6.0 contact hours of continuing education credit. AADE is also accredited by the California Board of Registered Nursing, Provider Number 10977, for 6.0 contact hours.

Pharmacists:

AADE is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This program provides 6.0 contact hours (.60 CEUs) of continuing education credit. ACPE Universal Activity Number: 0069-9999-18-212-L01-P — Effective Date: November 2, 2018 to November 2, 2019.

Dietitians:

AADE (AM001) is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). CDR Credentialed Practitioners will receive 6.0 Continuing Professional Education Units (CPEUs) for completion of this activity / materials. Continuing Professional Education Provider Accreditation does not constitute endorsement by CDR of a provider, program, or materials.

Certified Diabetes Educators:

To satisfy the requirements for renewal of certification for the National Certification Board for Diabetes Educators (NCBDE), continuing education activities must be diabetes related and approved by a provider on the NCBDE list of Approved Providers (www.ncbde.org). NCBDE does not approve continuing education. The American Association of Diabetes Educators (AADE) is on the NCBDE list of Approved Providers.

Continuing Education (CE) Statements of Credit will be available at the end of the conference for those who meet the requirements.

Planners / Content Reviewers disclose no conflict of interest relative to this educational activity.

Presenter disclosures will be announced during the educational activity.

LEARNING OUTCOME / OBJECTIVES

Symposium attendees will have increased knowledge of the specified content areas presented and will, therefore, choose at least one concept, practice area, technique, or tool that they will utilize to enhance the care and or education for individuals with or at risk for diabetes.

This symposium will enable participants to:

1. Describe 'Sugar Surfing' concepts and why these are important in diabetes care and outcomes.
2. Utilizing 'Sugar Surfing' concepts, identify appropriate recommendations related to blood glucose patterns, significance, response, and follow-up.
3. Discuss how diabetes educators can influence important diabetes-related legislation including policies that may directly impact diabetes outcomes.
4. Describe the complicated relationship of eating disorders and diabetes including possible helpful interventions and resources.
5. Describe useful tips for assessing and addressing medication adherence that may be utilized by diabetes educators and other health care professionals.
6. Describe how the use of storytelling can positively influence diabetes education.
