

Protecting Medicine Through Political Action

KPPAC 100 is a program designed to promote physician leadership and develop KPPAC into a \$100,000 PAC. By joining this effort, physicians will amplify their voice in the election process, assist in electing pro-medicine candidates and, as a result, have greater impact on the practice of medicine.

RECOGNITION BEGINS AT \$1,000 DONATIONS

All contributions will go toward the \$100,000 goal. Individuals who contribute or fundraise at least \$1,000 will receive added benefits.

PROTECT THE PRACTICE OF MEDICINE AND PATIENT CARE WITH YOUR CONTRIBUTION TO KPPAC.

The Kentucky Physicians Political Action Committee ("KPPAC") is organized for the benefit of state political candidates and activities. All contributions to KPPAC are completely voluntary, and KMA will never suggest a minimum contribution amount. You may refuse to contribute to KPPAC without any fear of reprisal. Only members of KPPAC's restricted class as defined by federal and state election laws may contribute to KPPAC. Any contributions made by an individual or entity outside KPPAC's restricted class will be returned to the contributor.
