

EPILEPSY IDENTIFICATION, DIAGNOSIS, AND MANAGEMENT OF: A KENTUCKY PERSPECTIVE

Following this presentation learners will be able to implement standardized diagnostic algorithms, optimize antiseizure medication management, initiate earlier referrals to epilepsy specialists, conduct routine SUDEP and safety counseling, apply individualized risk-reduction strategies, utilize seizure action plans, and improve longitudinal monitoring of patients with epilepsy. These strategies are expected to enhance seizure control, patient safety, and access to specialty care across Kentucky.

Disclosure information for all individuals in control of content will be made prior to the beginning of the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through a Joint Providership of the Kentucky Medical Association and the Epilepsy Foundation Kentuckiana. The Kentucky Medical Association is accredited by the ACCME to provide continuing medical education for physicians. The Kentucky Medical Association designates this live activity for 1.00 AMA PRA Category 1 credit.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.
